

STATEMENT OF THE COUNCIL'S REASONS FOR MAKING THE MIDLOTHIAN COUNCIL  
(B6392 BONNYRIGG DISTRIBUTOR ROAD) (30 MPH SPEED LIMIT) ORDER 2022

- TO/R5.3.58

The B6392 Bonnyrigg Distributor Road, between its roundabout junctions with the B704 Cockpen Road and the A7 trunk road, currently has a 40 mph speed limit.

Work is underway on a very large new housing development, which will change the character of this road. This completed site will generate many extra turning movements from residents' and service vehicles, large numbers of primary and secondary school students will need to cross this road to reach their schools, and families will need to cross when travelling to and from the facilities in Bonnyrigg centre.

The Council considers that a 30 mph speed limit is therefore now appropriate for this link on road safety grounds.
