

## **STATEMENT OF REASONS**

The proposed restrictions will have the effect of maintaining access to local streets and in the interest of Road Safety.

Over a period of time the Waste Management Team from Moray Council have had difficulty in manoeuvring refuse vehicles around Hawthorn Road and the residential streets thereof. The proposed restrictions will keep junctions and visibility splays free from parked vehicles to maintain access for all road users and keep visibility splays at junctions clear.

Vehicles are parking on Blantyre Place between Bishopmill Hall and North Street (A 941). The junction with North Street can be very busy with vehicles waiting to exit Blantyre Place onto North Street particularly at peak times. The parked vehicles then obstruct vehicles trying to enter Blantyre Place from North Street and can queue back onto the A941. Extending the existing restrictions up to the existing parking outside the Hall will remove this obstruction.
