

**(Various Roads, Crosshill)
(20mph & 30mph Speed Limit)
(Amendments & Revocations) Order 202***

Statement of Reasons

It is considered necessary to make the above named Traffic Order to have the effect of introducing 20 mph and 30 mph speed limits.

This will better facilitate the safe passage of pedestrians and vehicles to a speed suitable for the nature of the road which will enhance road safety.

This is to compliment contrasting visual deterrents of red gateway features and painted roundels to aid enforcement.
